

**Elmira Hockey  
Annual Newsletter**

**Big Changes Coming for the 05-06 Season !**

**Registration for 05-06**

The Bad...

As everyone knows, Hockey is not an inexpensive sport. The cost of ice, equipment, referees and expenses in general go up every year, thus we must increase registration fees slightly once again.

The Good...

In an effort to make paying for the greatest sport on earth a little easier, the Elmira Hockey Board of Directors ('The Board') has approved a new payment plan allowing anyone who chooses to pay over the course of the season in six equal monthly installments. It is our hope that this will also encourage growth in our organization. Please note that if you chose this payment option payment must be received on time or late fees will be imposed. We will also be placing a payment drop box at the arena for your convenience.

**A New Name for Elmira Hockey!**

We are currently in negotiations with First Arena to create a new identity that will associate ourselves with our Elmira Jackals. Watch for details soon!

**Website News –**

Please look for big changes in our website soon. The new site will be more interactive with team managers able to post game results and messages directly to their teams and many other changes to help us communicate better.

**A New Trophy Case!**

Jim Trumphfeller is in the final stages of completing a new trophy case for our league. Construction should be complete in about two week. Let's get ready to fill it!
